Dear Parents

### **Head Lice**

I am sorry to have to inform you of an outbreak of head lice in school. I would be grateful if you could check your child's hair carefully. It is important that everyone does this, as re-infection will occur easily.

Your family doctor can prescribe, or any pharmacist will recommend the current most effective remedy.

Any members of your family found to have head lice must be treated at the same time to avoid re-infection.

The important thing is to try and deal with problem with as little fuss as possible.

Yours sincerely

Mr J Goodhead  
Acting Head of Juniors
