No Child Left Behind

At Hollygirt we believe that our best asset is the quality of our staff. Which when combined with small class sizes throughout the school means your child will get all the attention, help and support they need to make as much academic and social progress as they possibly can. Within our safe and happy environment, children of all abilities can flourish and develop as individuals. Each child is known by name by all staff, including the cooks and caretakers. None get lost in the crowd, as there are no crowds.

Mrs Hutley, Headmistress of Hollygirt School, firmly believes that it is time to stop and assess what children really need to have a fulfilling education. Children are not sheep to be flocked together; they are not a set of objectives or statistics. Your child is special to you and they are special to us.

In KS1 our classes will not be bigger than 12. In KS2, our 7-11 year olds will be working in groups of around 15, sometimes less. In popular maintained primary schools, many now have

classes as large as 35. At Hollygirt we believe that every child is entitled to their share of quality teacher time: to be listened to, to have their questions answered and to be stretched or supported according to individual need. Even in our Early Years Foundation Stage every child has a one-to-one, reading and phonics sessions with staff each day.

Come and experience our unique environment and see why Hollygirt can make all the difference to your child's educational journey. Our next Open Morning is on Saturday 10th May, from 9.30am-12pm. If you are unable to attend please contact Lucy Wilkins our Registrar on 0115 958 0596 or info@hollygirt.co.uk, to book a private tour.

For more information about what makes Hollygirt special or to find out about our other visit days, have a look at our new website www.hollygirt.co.uk.

We look forward to hearing from you soon!

Hollygirt
