

16th February 2018

Hollygirt
SCHOOL

To: Parents of Children in Nursery to Year 6

Dear Parents,

Science and Technology Day - Thursday 22nd March 2018

We are delighted to inform you that we are having a Junior School 'Science and Technology Day' on Thursday 22nd March. The children in Years 1-6 will be working in their Houses, as requested via School Council.

On this day, we will be welcoming Scientists from 'Gizmo's Lab' to work with each House in turn, thanks to the generosity of Friends of Hollygirt. The teachers are also busy planning some exciting 'wow experiments' for the children to investigate. In the afternoon, 'Gizmo's Lab' will be working with Early Years whilst the older children complete STEM challenges.

The children are welcome to dress up as 'Scientists' or people from the world of Science and Technology who inspire them, such as Albert Einstein, Isaac Newton and Marie Curie.

We are all very excited about this forthcoming curriculum enhancement themed day which coincides with British Science Week 2018. Many photographs from the day will be shared on the School website.

Finally, if you have any contacts in Science or Engineering, please let me know, so that we can explore potential links to enhance future School events. If you have any questions about the day, please do not hesitate to contact me.

Yours sincerely,

Miss G. Wilson
Science Co-ordinator
